

5 October 2020

Dear Parent/Carer

### **Practical Food Lessons**

We will shortly be resuming our practical Food lessons and therefore we need to inform you of the new measures put in place.

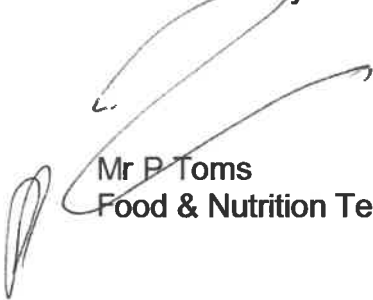

Each student will work within their area whilst cooking and will have their own utensils. They will clean the sides and wash up at the end of the session as usual but leave the items to air-dry on the draining rack. We will then thoroughly clean the area and sterilise the washed-up items before putting them away, wearing gloves.

Students must bring in all their ingredients ready-weighed and labelled, along with a suitable container to transport the food home. If your child does not have what they need, they will not be able to cook.

Pupil Premium students will be provided with ingredients, which will be measured out and packaged up in advance of the lesson.

If you have any queries then please do not hesitate to contact me.

Yours faithfully

Mr P Toms  
Food & Nutrition Teacher
